

PRIME MINISTER • PREMIER MINISTRE

November 17–18, 2023

Dear Friends:

I am pleased to extend my warmest greetings to everyone attending the 2023 World Federation of Hemophilia (WFH) Global Forum, being held in Montreal, Quebec.

This event offers members of the global bleeding disorder community an important platform to share ideas, experiences and expertise. I am certain that delegates will make the most of the many educational opportunities planned for the next two days centred on the latest advances in treatments and technologies as well from the opportunity to network with their peers around the world.

I would like to commend the members of the WFH for their commitment to identifying, supporting and treating people living with hemophilia and other genetic bleeding disorders. You can take pride in the difference you are making in the health and well-being of your fellow citizens. I would also like to thank the organizers for putting together an informative and rewarding program for everyone involved.

Please accept my best wishes for an enjoyable and productive meeting.

Sincerely,

The Rt. Hon. Justin P. J. Trudeau, P.C., M.P.  
Prime Minister of Canada
