DAY 1

MONDAY | APRIL 22

09:00-09:45

N103/104

Inaugural plenary

09:45-10:45

N103/104

Joint plenary: Safety

MEDICAL TRACK

PWBD TRACK

WFH

MSK TRACK

DENTAL TRACK

PSYCHOSOCIAL TRACK

WGBD TRACK

NURSES TRACK

LAB SCIENCES TRACK

10:45-11:30 COFFEE BREAK / MODERATED POSTER SESSIONS

11:30-12:30	N103/104	N101/102	N105	N106	N107/108
	Comorbidities & aging	Increasing access to treatment	Pain management: Balancing theory and practice	FREE PAPER SESSION: Pediatrics, inhibitors, and rare bleeding disorders	WGBD: Guidelines for a (true) comprehensive approach

12:30-12:45 LUNCH

12:45-13:45 SATELLITE SYMPOSIA

13:45-14:00 PAUSE

14:00-15:15	N103/104	N101/102	N105	N106	N117/118
	Gene therapy	PANEL: Ageing in bleeding disorders - comparing care for women and men	Laboratory diagnosis of VWD	Long-term joint health monitoring in hemophilia: From childhood to adulthood	The importance of oral health in Quality of Life for PWBD

15:15-16:00 COFFEE BREAK / MODERATED POSTER SESSIONS

16:00-17:00	N103/104	N101/102	★ N105	N106	N107/108	N117/118
	Bleeding disorder registries	Acquired bleeding disorders	MSK WORKSHOP	coreWVD: What does it mean for you?	Education & schooling considerations with PWBDs	FREE PAPER SESSION: Oral health

17:00-17:15

17:15-18:15	N103/104	N101/102	Joint mobilization and manual therapy workshop	N106	N107/108
	Benefits and risks of novel therapies: Redefining haemophilia goals in the era of new technologies	Quality of life: Intimacy and sexuality through the lifespan		Don't leave anyone behind - rare condition diagnosis, resource & management	FREE PAPER SESSION: Women and girls' health and research

DAY 2

TUESDAY | APRIL 23

-  MEDICAL TRACK
-  PWBD TRACK
-  WFH
-  MSK TRACK
-  DENTAL RACK
-  PSYCHOSOCIAL TRACK
-  WGBD TRACK
-  NURSES TRACK
-  LAB SCIENCES TRACK

09:00-10:00	 N103/104	 N101/102	N105	N106	N107/108
	 Women and girls with bleeding disorders	 Parenting with purpose: Strategies for navigating pediatric bleeding disorder care	 Hemostasis laboratory in the era of non-replacement therapy	 Hot topics: Challenging clinical cases	 FREE PAPER SESSION: Capacity building, advocacy and outreach models

10:00-10:15 PAUSE

10:15-10:45	 N103/104	 N101/102			
	 PLENARY: Defining success in haemophilia care – Are we doing it right?	 PLENARY: Oral health and quality of life: Let's talk intimacy, pain and self esteem			

10:45-11:30 COFFEE BREAK / MODERATED POSTER SESSIONS

11:30-12:30	 N103/104	 N101/102	N105	N106	N107/108
	 Panel: Making treatment decisions in a rapidly changing environment	 Use of technologies for patients with bleeding disorders	 How to go from caregiver to patient, and from patient to advocate?	 FREE PAPER SESSION: Young researchers	 Dental management of people with complex or rare bleeding disorders

12:30-12:45 LUNCH

12:45-13:45 SATELLITE SYMPOSIA

13:45-14:00 PAUSE

14:00-15:15	 N103/104	 N101/102	N105	N106	N107/108	N117/118
	 Rare bleeding disorders: Advances in management	 Gene therapy: A comprehensive look	 Innovative approaches in managing resistant ankle joints in hemophilia patients	 FREE PAPER SESSION: Quality of life / Outcome research	 Transitioning through life stages for women and girls with bleeding disorders	 Newer treatment approaches to mental health

15:15-16:00 COFFEE BREAK / MODERATED POSTER SESSIONS

16:00-17:00	 N103/104	 N101/102	N105	★ N106	N107/108
	 LATE BREAKING SESSION: New tech	 Challenges in optimal treatment of children	 Who are we today? Spotlight on 'rarely' heard narratives	 MSK WORKSHOP	 Surgical experience with novel therapies

17:00-17:15 PAUSE

17:15-18:15	 N103/104	 N101/102	N105	Optimizing musculoskeletal management for PWBD	N107/108
	 Unresolved issues in hemostasis in hemophilia	 Gene therapy registry	 One third of us: A comprehensive look at mild hemophilia		 Diagnosis and treatment challenges in lower resource countries

DAY 3

WEDNESDAY | APRIL 24

-  MEDICAL TRACK
-  PWBD TRACK
-  WFH
-  MSK TRACK
-  DENTAL RACK
-  PSYCHOSOCIAL TRACK
-  WGBD TRACK
-  NURSES TRACK
-  LAB SCIENCES TRACK

09:00-10:00	N103/104 	N101/102 	N105 	N106 	N107/108 	N117/118 
	How much prophylaxis is enough?	How do you measure bleeding today? Factor levels vs. Phenotype	Sports-related joint injuries for PWBD: Prevention, rehabilitation, and return to play	FREE PAPER SESSION: Von Willebrand disease	Advancing standards of care globally	Dental education for PwH and their caregivers
10:00-10:15 PAUSE						
10:15-10:45	N103/104 	N101/102 				
	PLENARY Hemophilia in the era of novel therapies: Where do inhibitors feature in the new landscape?	PLENARY Do PWBD treat as recommended? Why or why not?				
10:45-11:30 COFFEE BREAK / MODERATED POSTER SESSIONS						
11:30-12:30	N103/104 	N101/102 	N105 	N106 	N107/108 	
	Diagnosis and treatment of von Willebrand disease in 2024 and beyond	Evolving healthcare: A medical lens on novel treatment strategies	Factor VIII activity assays used for the diagnosis and classification of haemophilia A	Musculoskeletal care for women with hemophilia and other bleeding disorders	Strengthening coping skills	
12:30-13:30 LUNCH - POSTER VIEWING / WORLD HEMOPHILIA DAY CELEBRATION						
13:30-14:45	N103/104 	N101/102 	N105 	N106 	N117/118 	
	Outcomes & outcome measures	Empowering patients & providers: Shared decision-making in practice	FREE PAPER SESSION: Musculoskeletal health	Pain and PWBD in the new era: Understanding pain beyond joint damage	The challenges of longevity	
14:45-15:15 COFFEE BREAK						
15:15-16:15	N101/102 	N105 	N106 	N107/108 	N117/118  	
	LATE BREAKING SESSION: Clinical trials and novel therapies	Game-changing health: Bridging new treatment, sports, and everyday living	FREE PAPER SESSION: Gene therapy	Intimacy for women with bleeding disorders	FREE PAPER SESSION: Psychosocial and nurse care delivery and management	
16:15-16:30 PAUSE						
16:30-17:00	N106 					
	Closing plenary
