

Biomedical / Coagulation research

POSTER #	TITLE	PRESENTING AUTHOR
PP-001	Quality of diagnosis and lab monitoring of people with hemophilia and other bleeding disorders across the continents: WFH IEQAS programme results over the last 8 years	Silmara Montalvao
PP-003	The genetic landscape of factor 8 in people with Haemophilia A from central South Africa	Jean Kloppers
PP-004	Inhibitor screening of hemophilia A patients at HTC at PIMS Pakistan	Farwa Sijjeel
PO-005	Genotype-phenotype analyses of Iranian patients with and without hemophilia B Leyden: A single-center study	Shadi Tabibian
PO-008	Innovation in Education: Interactive Model of Blood Clotting Cascade and Hemophilia	Ahmed Saeed

Capacity building / Advocacy and outreach models

POSTER #	TITLE	PRESENTING AUTHOR
PP-009	WFH Programs in Eastern Mediterranean Region	Donna Coffin
PP-011	World Federation of Hemophilia (WFH) Path to Access to Care and Treatment (PACT) Program Advocacy Academy Global Impact	Salome Mekhuzla
PP-012	50 years of history: Key milestones in access to better treatment in Uruguay	Juan Andrés Pereira de Souza
PO-014	Generational exchange in Uruguay: lessons learnt and the key to success	Juan Andrés Pereira de Souza
PO-015	Women Now: Identify and register hemophilia carriers when no diagnosis is available	Isabel Sorondo

Care delivery

POSTER #	TITLE	PRESENTING AUTHOR
PP-018	Teaching Multidisciplinary Health Care Providers on Hemophilia and other Rare bleeding disorders in Kenya	Irene Khaemba
PP-021	Prenatal testing versus prophylaxis with newer drugs in severe haemophilia patients in India: Cost assessment	Rucha Patil
PP-022	Navigating Surgical Challenges: Best Practices for Managing Hemophilia Patients in the Operating Room	Prisha Nankana
PP-023	Overview of adults and children with hemophilia in Hemophilia Treatment Center of Sfax	Maha Charfi

Clinical assessment

POSTER #	TITLE	PRESENTING AUTHOR
PP-025	A proposal to measure the gross motor development of infants with haemophilia	Dimitrios Syrengelas
PP-026	Announcing the diagnosis of benign chronic disease 'the case of hemophilia' : A Moroccan Study	Mohamed El Khorassani
PO-027	Is there a silver lining in Glanzman Thrombasthenia after puberty?	Ahmad Tarawah
PO-028	FVIII Half-Life Products: a Real-World Experience	Ezio Zanon
PP-029	Tunisian experience Center with Emicizumab	Kaouther Zahra

Clinical cases

POSTER #	TITLE	PRESENTING AUTHOR
PP-031	Hematuria in Paediatric Hemophilia A – Local Malaysian Experience (Main Centre)	Liana Yusof

PO-033	Ulcerative colitis in two brothers with severe haemophilia A	Monika Biernat
PO-036	Acquired factor VII deficiency (aFVIIID) associated with acute leukemia (AL), a case series from Monastir, Tunisia	Slama Ahlem
PO-037	A patient with hemophilia A and HCV presented with autoimmune hemolytic anemia	Shokhan Mohammed
PO-039	Bilateral Haemophilic Pseudotumors in Both Thighs with Haemophilic Knee Arthropathy: A Twisted Parallelism	Pranav Keswani
PO-040	Complex Primary Total Knee Arthroplasty in Haemophilic Arthropathy with Extraarticular Deformity	Pranav Keswani
PO-042	Acquired hemophilia A Post-COVID-19 Vaccination successfully treated with low dose of rituximab	Yosra Ben Youssef

Clinical research and clinical trials

POSTER #	TITLE	PRESENTING AUTHOR
PP-043	The A-MOVE study easily explained: the value of regular joint assessments in individuals with haemophilia	Markus Fusser
PP-044	Long-term outcomes of prophylaxis with efanesoctocog alfa in adults and adolescents previously treated on demand: second interim analysis of XTEND-ed	Helena Palmborg
PP-045	Plain language summary of two-year results of weekly efanesoctocog alfa treatment in children with severe haemophilia A: Interim analysis of the XTEND-ED phase 3 study	Graham Neill
PP-046	Plain language summary: Efanesoctocog alfa treatment outcomes over 3 years in adults & adolescents with severe haemophilia A in the long-term XTEND-ed study	Elena Santagostino
PP-047	A Natural History Study of Bleeding Symptoms and Treatment Outcomes in Patients with Glanzmann Thrombasthenia – The Pakistan Site Experience	Tahira Zafar
PP-049	Comparison of the haemorrhagic phenotype between female and male patients affected by Autosomal Inherited Bleeding Disorders in a single-centre cohort	Chiara Biasoli
PP-050	A prospective, observational longitudinal study of functional outcome of radionuclide synoviorthesis in haemophilic arthropathy	Pranav Keswani

Data and demographics

POSTER #	TITLE	PRESENTING AUTHOR
PP-054	The need to improve diagnostic capacity in low- middle-income countries: lessons from the WBDR and Nigeria as a case study	Donna Coffin
PP-055	Aziza Othmana HTC experience with hemophilia and World Bleeding Disorder Registry (WBDR)	Emna Gouider
PP-056	Hemophilia life stages and changes global survey for people with hemophilia, caregivers and hematologists: survey design and demographics	Mark Skinner
PP-057	Innovative Approaches to Managing Hemophilia in Economically Disadvantaged Patients: Lessons from a Resource-Limited Setting	Vishakha Dongare
PP-058	Launch of the Economics and Patient Outcomes in China in Haemophilia (EPOCH) Study Online Platform and First Patient Enrolled	Brian O'Mahony
PP-059	Real-life demographic landscape of congenital hemophilia in Romania	Simina Pirv
PP-060	Knowledge Transfer Program in NMOs. Statistical analysis of our reality.	Antonio Gomez Cavallini

Gene therapy

POSTER #	TITLE	PRESENTING AUTHOR
PO-061	WFH Initiative on Gene Editing for Hemophilia	Donna Coffin
PO-062	Creating a comprehensive care visit plan for commercial gene therapy patients of the haemophilia treatment centre: Psychosocial, medical and physical considerations and recommendations	Mosi Williams

Health policy

POSTER #	TITLE	PRESENTING AUTHOR
PP-063	HEM-COSTING : A Customizable Cost-Effectiveness Microsimulation Model to Compare the Costs and Effects of Several Hemophilia A and B Treatment Strategies in Any Context	Nancy Bolous

PP-064	A Comprehensive Societal Costing Checklist to Guide Health Economic Analyses in Haemophilia	Nancy Bolous
PP-065	Is haemophilia classification restricting clinicians from providing optimal care for joint health in non-severe haemophilia? A case study series.	Alfie McBrien
PP-066	Knowledge, Attitudes, and Practices Regarding Home Based Treatment of Hemophilia Among Healthcare Professionals in Morocco	Mohamed El Khorassani

Imaging

POSTER #	TITLE	PRESENTING AUTHOR
PP-069	HEAD-US and HJHS in Comparison with MRI for the Evaluation of Joint Health in Children with Haemophilia A: a Single Centre Experience	Athina Dettoraki
PP-070	The value of ultrasound in detecting subclinical abnormalities in joints of patients with hemophilia	Xinjuan Guo
PP-072	Clinical Application Value of the Chinese "Expert Consensus on Ultrasound Assessment of Hemophilic Arthropathy"	Jun Li

Inhibitors

POSTER #	TITLE	PRESENTING AUTHOR
PP-073	Dual Immune Regulation: Exploring the Role of Regulatory T Cells and Regulatory B Cells in Modulating Inhibitor Development in people with Hemophilia A	Rashmi Kushwaha
PP-076	High responding inhibitors in patient with hemophilia: A single center experience in south Tunisia	Maha Charfi

New products and novel therapies

POSTER #	TITLE	PRESENTING AUTHOR
PP-080	Thromboelastometry Clotting Profiles and Plasma Emicizumab Levels in Hemophilia A Patients on Low-Dose Emicizumab Prophylaxis for two to four years	Rucha Patil

PP-081 Usability evaluation of a novel point of care platform to simultaneously test FVIII activity and Thrombin generation Aernoud Bavinck

PP-082 Turoctocog alpha Pegol in patients with Hemophilia A undergoing surgical procedures: A single center experience from North India Akshay Middinti

Orthopedic issues

POSTER # TITLE PRESENTING AUTHOR

PP-083 Cost-effectiveness and outcomes of radioactive synovectomy versus arthroscopy in hemophilic synovitis: a Brazilian perspective Sylvia Thomas

PP-084 The evaluation of sarcopenia in people with hemophilia over 40 years of age in Japan. Kumiko Ono

PP-085 TKA in PwH at a Tertiary Care Centre- An experience with 112 patients with a medium term follow-up Shubhranshu Mohanty

PP-086 Total Hip replacement 50 years of experience in a single center Horacio Caviglia

PP-087 Joint Prosthetic Surgery in Patients with Hemophilia A: clinical-functional outcomes and quality of life Ezio Zanon

PP-088 Extended tibial tuberosity osteotomy to facilitate implant removal in difficult knee revisions arthroplasty. Our experience with haemophilic patients Dimitrios Kalatzis

PP-091 Postoperative outcomes of total knee arthroplasty in patients with hemophilic knee arthropathy – a prospective study Patrick Lavigne

PP-092 Musculoskeletal complications in patients with hemophilia : A single-center experience Maha Charfi

PO-093 Heterotopic ossification in Haemophilia: an 18-year single-centre case series Adam Hussain

PP-094 Treatment of orthopedic complications of hemophilia in Azerbaijan Mehpara Kazimova

PO-095 Major bleeding after Total Knee Replacement in PWH. How to avoid it Horacio Caviglia

PO-096 Efficacy of Treatment Modalities in Hemophilia Patients with Joint Pain: A Retrospective Analysis Farwa Sijjeel

Pediatrics

POSTER #	TITLE	PRESENTING AUTHOR
PP-098	Management of Perioperative Hemostasis in two patients with severe Hemophilia A with Inhibitors on Prophylaxis with Emicizumab using Global Hemostasis Assays	Gisela Barros García

Physiotherapy and rehabilitation

POSTER #	TITLE	PRESENTING AUTHOR
PP-099	Weekly Nordic Walking training improves joint health at one year in patients with haemophilia	Elena Anna Boccalandro
PP-101	Association between arthropathy and peripheral neuropathies in adults with hemophilia	Aideé Gibraltar Conde
PP-102	Conditioned pain modulation in patients with hemophilic arthropathy of the lower limbs. Multicentre cross-sectional cohort study.	Rubén Cuesta-Barriuso
PP-103	Finding the Right Flow: Acute Responses to Autoregulated vs. Non-Autoregulated Blood Flow Restriction in Elbow Rehabilitation for Hemophilia	Joaquín Calatayud
PP-104	Neuromotor reprogramming in people with Hemophilia (Allyane Method)	Mauro Dyntino
PP-105	Blood flow restriction in patients with hemophilic arthropathy. A pilot safety study	Rubén Cuesta-Barriuso
PP-106	Expanding HJHS: a full body assessment may provide more information on musculoskeletal health	Elena Anna Boccalandro
PP-107	Spinal Stenosis: The need to adapt physiotherapy approaches to older persons with haemophilia	Mark McGowan
PP-108	Creating physiotherapy guidelines for the management of iliopsoas haematomas in people with bleeding disorders	Richard Davis
PP-109	Comparative Efficacy of Guided Physical Therapy and Home-Based Care on Joint Health and Physical Function in Patients with Mild Hemophilia	Sandeep Kumar
PP-110	Overview Joint Health Status in haemophilia patients: a single Centre experience in Argentina	Estanislao Vera Santos

PP-111	Intra-articular injection of platelet-rich plasma (PRP) in addition to hyaluronic acid (HA) in the treatment of hemophilic artropathy	Armando Raul Hernandez Salgado
PP-112	Comprehensive Rehabilitation Plan (RP) for Haemophilia Patients: Enhancing Joint Mobility, Quality of Life and Long-Term Stability	Martin Kaal
PO-113	Clinical Impact Of Recurrent Bleeding Episode On Joint Health And Functional Independence In Factor VII Deficiency: A Retrospective Cause Report	Vijayakumar Narayana Pillai
PO-115	Physiotherapy clinic: a single-center experience in musculoskeletal health management for patients with haemophilia	Elena Anna Boccalandro
PO-116	Impact of physiotherapy on hemophilic joint health score	Manisha
PO-117	Effect of tailor-made exercise protocol on joint health and physical activity in children with hemophilia	Smati Sambyal

Prophylaxis

POSTER #	TITLE	PRESENTING AUTHOR
PP-118	Standard dose Vs Low dose Emicizumab Prophylaxis in patients with Hemophilia A with Inhibitors - Single centre, Prospective Observational study	Shailendra Verma
PP-119	Real-world experience of prophylaxis with emicizumab in children with haemophilia A: A single centre experience	Athina Dettoraki
PP-120	Nonacog beta pegol prophylaxis in pediatric patients with severe Hemophilia B: A single centre experience from North India	Shailendra Verma
PO-122	Denial of Prophylaxis in early adulthood leads to increased bleed rates and college absenteeism in a resource limited setting.	Rema Ganapathi
PO-123	Prophylactic treatment of hemophilia A patients in Azerbaijan	Gunel Alizade

Psychosocial issues

POSTER #	TITLE	PRESENTING AUTHOR
PP-124	A pilot study investigating specific types of sexual difficulties in Tunisian Hemophiliacs.	Yosra Ben Youssef

PP-125	Degree of burden in primary caregivers of patients with hemophilia in Mexico	Ezequiel Martínez Martínez
PP-126	PACT Project: Empowering Women and Girls with Bleeding Disorders by Multidisciplinary Awareness and Psychosocial Support	Hina Fatima
PP-127	Walk and Talk Group: A supportive community-based initiative for adults with Bleeding Disorders piloted in South Wales, UK	Kathleen Moore
PP-128	Psychological well-being of informal caregivers of people with coagulopathies in Mexico	Ezequiel Martínez Martínez
PP-130	A multidisciplinary nonmedical management approach to improve the quality of life of hemophilia, beyond medical treatment	Fariba Shokri

Quality of life / Outcome research

POSTER #	TITLE	PRESENTING AUTHOR
PP-131	Intra-articular injection of biological factors for the management of hemophilic arthropathy.	Dimitrios Kalatzis
PP-132	Quality of life of patients with hemophilia in Madagascar	Lindsay Kouatie Njonger
PP-133	Development of the Hemophilia Life Interference Questionnaire (HLIQ): A tool to evaluate the impact of hemophilia B and its treatment on patient lives	Sheena Thakkar
PP-135	Achieving Zero Annual Bleed Rate and Assessing Joint Health in Children with Hemophilia on Emicizumab Prophylaxis: Insights from a Low- and Middle-Income Country	Shigy Francis
PP-136	Successful Liver Transplantation in a Patient with Hemophilia A and Inhibitors: A Case Report	Abdulrahman Nasiri
PP-137	Treatment adherence, satisfaction and quality of life in adult patients with hemophilia A: A real-world survey of physicians and patients in the Kingdom of Saudi Arabia	Farrukh Shah
PP-138	Prevalence of Depression in Adults with Hemophilia Using the Patient Health Questionnaire-9 (PHQ-9)	Yosra Ben Youssef
PO-140	Sports participation and psychosocial condition of patients with haemophilia in Hong Kong	Henry Hon-Wai Lam

PO-141	Assessment of Quality of Life in Tunisian Hemophilia Patients Using the EQ-5D Questionnaire	Yosra Ben Youssef
PO-142	Impact of Bernard-Soulier Syndrome on Patient Quality of life::A comprehensive Assessment using EQ-5D-5LTool	Vijayakumar Narayana Pillai

Rare bleeding disorders

POSTER #	TITLE	PRESENTING AUTHOR
PP-144	Real-world effectiveness and safety of damoctocog alfa pegol in patients with a history of inhibitors: Fifth interim analysis of the HEM-POWR study	Maissaa Janbain
PP-145	Fifth interim analysis of the HEM-POWR study: A post hoc analysis of real-world effectiveness and safety of damoctocog alfa pegol in patients with mild and moderate	Tadashi Matsushita
PP-146	Real-world effectiveness and safety of damoctocog alfa pegol in adolescent and older patients with haemophilia A in the fifth interim analysis of the HEM-POWR study	Tadashi Matsushita
PP-147	The role of global hemostasis testing in the diagnosis and management of rare bleeding disorders: A six-year experience from a single tertiary care center in Kerala	Bitty Kurian
PP-148	Characteristics of Factor XIII Deficiency in Childhood: A Retrospective Study in Medina, Saudi Arabia	Noura Alsaïd
PP-149	Patients with platelet disorders in Tunisia: Where are we?	Meriem Achour
PP-150	Revolutionizing Rare Bleeding Disorder Management with Prophylactic Factor Replacement: Experience from a Tertiary care Centre in North India	Prisha Nankana
PP-151	Clinical phenotype, Thromboembolic complication and quality of life in a cohort of patients with afibrinogenemia	Meriem Bensadok
PP-152	Clinical spectrum and treatment outcomes of Rare Bleeding Disorders in females: A two-center experience in North Pakistan	Tahira Zafar
PP-155	Epidemiological and clinical-biological aspects of factor XIII deficiency in southern Tunisia	Imen Frikha
PO-158	Unveiling the Spectrum: Rare Bleeding Disorders in Eastern Uttar Pradesh, India	Rashmi Kushwaha

PO-161

Musculoskeletal lesions in patients with FVII deficiency: Experience in Venezuela

Apsara Boadas

PO-162

Perioperative management for patients with congenital factor VII deficiency

Imen Frikha

Risk management

POSTER #

TITLE

PRESENTING AUTHOR

PP-165

Quality of care for Hemophilia in Colombia: Ten Years of the Colombian Hemophilia Registry

Adriana Linares

Sport / Fitness / Physical activity

POSTER #

TITLE

PRESENTING AUTHOR

PP-166

Effectiveness of post physiotherapy Gym protocol in enhancing fitness, psycho social well being and self confidence in young adult patients with hemophilia: a pilot Study

Geeta Suri Sharma

Surgical treatment

POSTER #

TITLE

PRESENTING AUTHOR

PP-168

Experience in managing patients with severe hemophilia A receiving emicizumab during musculoskeletal surgery

Tatyana Polyanskaya

PP-169

Giant hemophilic pseudotumor of the femur: 2-stage hip disarticulation

Ignacio Soncini

PO-170

Patient-Specific Cutting Guides for Total Knee Arthroplasty in Hemophilic Patients: A Surgeon-Driven Solution for Precision and Hemostasis

Salim Fourmas

PO-171

Effectiveness and advantages of Turoctocog alfa pegol in the perioperative management of cardiac surgery in a patient with mild hemophilia A

Ezio Zanon

PO-172

Long-term outcome of postoperative Range of Motion in Total Knee Replacement

Carla Daffunchio

PO-173	Evolution of Surgical Management and Multidisciplinary Care in Hemophilia: A 15-Year Retrospective Analysis	Salim Fourmas
---------------	---	---------------

PO-175	Minimally invasive treatment for orthopaedic pathology: 40 years of experience	Horacio Caviglia
---------------	--	------------------

Trials in progress

POSTER #	TITLE	PRESENTING AUTHOR
----------	-------	-------------------

PO-176	Detection of ankle joint microbleeds with magnetic resonance imaging in patients with severe haemophilia A on prophylactic treatment	Polona Klavžar
---------------	--	----------------

PO-177	Observational and Phase 1 studies in the Development of Novel Therapies for Von Willebrand Disease: The VELORA Research Program	Jigar Amin
---------------	---	------------

PO-178	A Phase 2 Study to Evaluate the Safety, Tolerability, Pharmacokinetics, Pharmacodynamics, and Efficacy of HMB-001 in Glanzmann Thrombasthenia: A Trial in Progress	Jigar Amin
---------------	--	------------

PO-179	SHINE study design: An interventional, open-label, Phase 4 study investigating changes in synovial hypertrophy in patients with haemophilia A on efanesoctocog alfa prophylaxis	Elena Santagostino
---------------	---	--------------------

Von Willebrand disease

POSTER #	TITLE	PRESENTING AUTHOR
----------	-------	-------------------

PP-180	Comprehensive analysis of demographic and clinical profiles in people with von willebrand disease: insights from the WFH World Bleeding Disorders Registry	Donna Coffin
---------------	--	--------------

PP-181	Von Willebrand disease follow-up and WBDR	Kaouther Zahra
---------------	---	----------------

PO-182	Gynecological Bleeding in Women with Congenital Bleeding Disorders: A Comprehensive Cohort from Iran	Shadi Tabibian
---------------	--	----------------

PO-183	Clinical and Treatment Features of Von Willebrand Deficiency	Huseyin Solgun
---------------	--	----------------

Women and girls' health and research

POSTER #	TITLE	PRESENTING AUTHOR
PP-185	Joint status of Women with bleeding disorders	Carla Daffunchio
PP-186	Audit of the Management of Heavy Menstrual Bleeding in Women and Girls with Inherited Bleeding Disorders	Lugain Abdalla
PP-187	Development of Women, Girls, and People Who Have or Had the Potential to Menstruate (WGPPM) questionnaire for PROBE study	Dawn Rotellini
PP-188	Impact of bleeding on physical activity amongst Women and Girls with Bleeding Disorders in Ireland	Megan Kennedy
PP-189	Screening of bleeding disorders in adolescents / young adult women presenting with heavy menstrual bleeding – A prospective study from a single tertiary care centre in Kerala	Bitty Kurian
PP-190	Enhancing the Diagnosis of Hemophilia Carriers in Tunisia, Do we need molecular study?	Meriem Achour
PP-191	Hemophilia Foundation of Michigan's National Women's Conference: Empowering Change: Transforming Awareness, Advocacy and Care for Women with Hemophilia and Rare Factor Deficiencies	Susan Lerch
PP-192	Bleeding manifestations in haemophilia carriers in India	Sharda Shanbhag
PP-194	Gynecological and obstetrical hemorrhages in Women with rare bleeding disorders	Nawel Ferroudj
PP-195	Gender differences in bleeding disorders in Aziza Othmana HTC from Tunisia	Emna Gouider
