

# MODERATED POSTERS SESSIONS

## EXHIBIT HALL

 PROGRAM IS SUBJECT TO CHANGE

**MONDAY - APRIL 20, 2026**

**MORNING: 10:45 - 11:30**

### POD A

Moderators: Steve Pipe & Cedric Hermans

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
<b>MP-137</b>	Imaging	Changes in Hypertrophic Synovium Status in Adult Patients With Severe HA Receiving Emicizumab Prophylaxis	Ilenia Calcaterra
<b>MP-250</b>	Prophylaxis	Efficacy of Low-Dose Emicizumab Prophylaxis in Hemophilia A: A Systematic Review and Meta-Analysis	April Joy Ong
<b>MP-249</b>	Prophylaxis	Long-Term Outcome With Emicizumab Prophylaxis for Haemophilia a in China and Efficacy Prediction Using Machine Learning	Yuan Xu
<b>MP-389</b>	Women and Girls' Health and Research	Demographic and Socioeconomic Characteristics of Females in the Community Voices in Research Registry	Paxton Mills

### POD B

Moderator: Nathan Connell

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
<b>MP-395</b>	Women and Girls' Health and Research	Inherited Bleeding Disorders in Women: A 15 Year Cohort Review From a Single Comprehensive Center in Australia	Kara Cordiner
<b>MP-392</b>	Women and Girls' Health and Research	Diagnostic Delay and Medical Sexism in Girls and Women With Suspected Bleeding Disorders in the Middle East: An Iranian Cohort and a Proposal for a Gender-Sensitive Algorithm	Shadi Tabibian
<b>MP-373</b>	Von Willebrand Disease	Pregnancy Outcomes in Women With von Willebrand Disease: A Statewide Cohort Study	Ming Y Lim
<b>MP-394</b>	Women and Girls' Health and Research	Bleeding Profile and Health Related Quality of Life Among Females Living With Bleeding Disorders: A Single-Centre Observational Study	Rema G

### POD C

Moderator: Cyrus Njuguna

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
<b>MP-058</b>	Care Delivery	Improving Care for Hemophilia and Other Bleeding Disorders Through Comprehensive Clinics: Perspectives From a Low-Resource Set-up	Alex Gachoya
<b>MP-063</b>	Care Delivery	Obstacles and Limitations of Care in Adolescents and Young Adults With Hemophilia	Nongnuch Sirachainan
<b>MP-195</b>	Nurses' Issues	Nursing Practice in the Era of Emicizumab: Five-Year Surgical Experience at the Queensland Haemophilia Centre	Alexandra Klever
<b>MP-269</b>	Psychosocial Issues	Patient-Reported Outcomes on Artificial Intelligence Use in Hemophilia: A Psychometric Evaluation	Cindy Komar

### POD D

Moderator: Cindy Bailey

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
<b>MP-232</b>	Physiotherapy and Rehabilitation	Efficacy and Safety of Low-Load Blood Flow Restriction Training in Hemophilic Ankle Arthropathy: A Multicenter Randomized Clinical Trial	Rubén Cuesta-Barriuso
<b>MP-390</b>	Imaging	Assessment of Joint Health Using HEAD-US Scores Among Asymptomatic Mothers of Hemophilia/Familial Mediterranean Fever Patients and Women With Type 3 von Willebrand Disease	Zühre Kaya
<b>MP-138</b>	Imaging	Research and Single-Center Validation of a Convolutional Neural Network-Based Ultrasound Assessment Model for Hemophilic Arthropathy	Jun Li
<b>MP-200</b>	Orthopedic Issues	Standard Half-Life (SHL) and Extended Half-Life (EHL) FVIII in Major Orthopedic Surgery: Evidence from Real-World Experience	Ezio Zanon

# MODERATED POSTERS SESSIONS

## EXHIBIT HALL

 PROGRAM IS SUBJECT TO CHANGE

TUESDAY - APRIL 21, 2026

MORNING: 10:45 - 11:30

### POD A

Moderator: Masood Fareed Malik

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
MP-054	Care Delivery	Assessment of Comprehensive Care for Bleeding Disorders: Insights From 10 Years of Annual Global Survey Data	Ellia Tootoonchian
MP-055	Care Delivery	Advancing Shared Decision-Making in Hemophilia: Development and Contextualization of Consensus-Based Best Practice Statements	Donna Coffin
MP-309	Quality of Life / Outcome Research	WBDR RSP Series Part 3/6: Diagnosis Evidence- Findings From Research Projects Under the WFH WBDR Research Support Program (2018-2023)	Toong Youttananukorn
MP-107	Data & Demographics	The WFH Gene Therapy Registry: Early Implementation Experience and Global Collaboration	Mayss Naccache

### POD B

Moderator: Nitty Mathews

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
MP-184	Laboratory Issues	Efanesoctocog Alfa Measurement Using Reagent Substitutions and Determining Its In Vitro Temperature Stability	Geoffrey Kershaw
MP-168	Laboratory Issues	Utilising Thromboelastography for Predicting Bleed Risk in Patients With Mild Haemophilia A and Factor VIII Discrepant Assays	Stephanie Wong
MP-169	Laboratory Issues	Long-Term Evaluation of External Quality Assessment Results for Factor VIII	Claudia van Rijn
MP-170	Laboratory Issues	Bridging the Assay Gap: One More Reagent for Accurate Measurement of Efanesoctocog Alfa	Angelo Claudio Molinari

### POD C

Moderator: Clerment Sefojane

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
MP-016	Capacity Building / Advocacy & Outreach Models	The DivulghEMOs Project: Advancing Hemophilia Literacy for Laypeople, Patients, and Their Families Through Social Media	Ricardo Mesquita Camelo
MP-017	Capacity Building / Advocacy & Outreach Models	Capacity Building of Patients to Report Their Bleeds & Treatment Data Through myWBDR	Hamza Qureshi
MP-128	Health Policy	The Iron Triangle of Cure: A Quantitative Risk Framework (PD, LGD, CVaR) for Securitizing Gene Therapy Supply Chains in Emerging Markets	Ronald Mahomane
MP-028	Capacity Building / Advocacy & Outreach Models	Structuring and Directing a Campaign for the Incorporation of Emicizumab for Children with Hemophilia A in Brazil	Mariana Battazza

### POD D

Moderator: Magdy El Ekiaby

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
MP-372	Von Willebrand Disease	Plasma-Derived VWF/FVIII Prophylaxis in Children Under 6 With VWD: First Results From WIL-33	Akshat Jain
MP-374	Von Willebrand Disease	Recombinant von Willebrand Factor, Vonicog Alfa: United Kingdom Experience of Its Use in Children Under 18 Years of Age	Jayanthi Alamelu
MP-375	Von Willebrand Disease	Clinical Spectrum, Subtype Distribution, and Treatment Outcomes in von Willebrand Disease: A Prospective Study From a Hemophilia Treatment Center in Pakistan	Munira Borhany
MP-386	Von Willebrand Disease	Global Utilisation and Impact of VWDtest.com: A Multilingual Digital Platform to Improve Awareness and Early Identification of von Willebrand Disease	Fernando F. Corrales-Medina

# MODERATED POSTERS SESSIONS

## EXHIBIT HALL

 PROGRAM IS SUBJECT TO CHANGE

WEDNESDAY - APRIL 22, 2026

MORNING: 10:45 - 11:30

### POD A

Moderator: Wolfgang Miesbach

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
MP-186	New Products and Novel Therapies	Ectopic FVIII Expression Via Non-viral Vector DNA Medicine Platform Results in Efficacious Levels of FVIII Protein and Correction of the Bleeding Phenotype in Hemophilia A Mice	Michael Sumner
MP-218	Pediatrics	Long-Term Outcomes and Inhibitor Relapse Following Immune Tolerance Induction in Severe Hemophilia A Children with Inhibitors: A Prospective Multicenter Study	Runhui Wu
MP-148	Inhibitors	Diverse B-Cell Responses to FVIII in Persons With Severe Hemophilia A	Shannon Meeks
MP-002	Biomedical / Coagulation Research	VGA039, a Protein S-Targeted Monoclonal Antibody, Promotes In-Vitro Thrombin Generation in Plasma Samples From Subjects Across a Broad Range of Bleeding Disorders, Including von Willebrand Disease, Hemophilia A, Hemophilia B and Hemophilia C	Benjamin Kim

### POD B

Moderator: Natasha Coco

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
MP-388	Women and Girls' Health and Research	They're Missing: The Underrepresentation of Women and Girls with Hemophilia in the WBDR	Pamela Dakik
MP-391	Women and Girls' Health and Research	Strengthening Diagnostics and Patient Care for Women and Girls With Bleeding Disorders Through International Capacity-Building and Twinning Programme	Bitty Kurian
MP-396	Women and Girls' Health and Research	Females Affected by Hemophilia A; Data From the U.S. 8CHECK Program	Barbara Konkle
MP-405	Women and Girls' Health and Research	Bleeding Profiles and ISTH-BAT Assessment in Women and Girls with Hemophilia: Insight From an Indonesian Referral Center	Fitri Primacakti

### POD C

Moderator: Grainne O'Brien

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
MP-267	Psychosocial Issues	"Hemophilia Explained for Children": A Psychosocial Approach Through Storytelling	Patricia Cabré
MP-268	Psychosocial Issues	Tea Party Care in the Hemophilia Community: A Psychosocial Healing Program for Parents of Children With Hemophilia	Seunggeun Kim
MP-275	Psychosocial Issues	The Importance of the Psychosocial Approach in the Healthcare Team: Current Reality and Future Perspectives	Silvina Grana

### POD D

Moderator: Erica Crilly

POSTER #	TOPIC	TITLE	PRESENTING AUTHOR
MP-305	Quality of Life / Outcome Research	Patient-Reported and Clinical Outcomes in Persons with Severe Hemophilia (PwSH) Treated Within vs. External to U.S. Hemophilia Treatment Center Network Clinics: An Update From the CHES US Study	Randall Curtis
MP-307	Quality of Life / Outcome Research	Psychological Burden and Quality of Life of Mothers of Hemophiliac Children: A Study of 69 Cases	Mohammed El Khorassani
MP-306	Quality of Life / Outcome Research	Hemophilia Life Stages and Changes Global Survey of People with Hemophilia, Caregivers, and Hematologists: Patient Experience According to Disease Severity and Gender	Kim Isenberg
